

DARTMOUTH COLLEGE

HANOVER · NEW HAMPSHIRE

03755

THE PRESIDENT

June 14, 1971

Dear Professor Croasdale:

It gives me great pleasure to inform you that at their meeting on June 12 the Board of Trustees voted to elect you Professor of Biology, Emeritus, in recognition of your long and devoted service to the College.

I know full well that my words cannot add anything to the satisfactions you have known in your daily work, but both for myself personally and for all the members of the Dartmouth family whom you have served, I want to record our great and genuine appreciation.

I hope that the years ahead may provide frequent opportunities for us to see each other and to continue our association in the fellowship of this community.

With all best wishes.

Sincerely,

John G. Kemeny
